

SHAC Minutes
12/04/14

SHAC Members Present: Char Coal, Kevin Cunningham, Sky Handy, Abdi Hassan, Alison Miller, Anastasia Press, Cameron Schilling, Adam Scott, Cecilia Stevens, Pajau (PJ) Vangay

SHAC Members Absent: Indie Lewis, Lars Mackenzie, Rachel Mezera, Addie Nelson, Lyndsay Pryor, Apoorva Reddy, Sana Siddiqui, Enoch You, Xi Yu

Guests: Jen Chamberlain (Nursing Student), EJ Olson (Rainbow Health Initiative)

Boynton Staff Present: Carl Anderson, Tom Bilder, Gary Christenson, Sue Jackson, Julie Sanem, Ferd Schlapper

1. Welcome and Introductions – (Indie and Sky)
2. Review of Minutes from 11.20.14 (Indie and Sky)
 - No changes
3. Updates- Information only
 - a. Next Meeting, January 22nd 2015 this would take place on the 4th Thursday of the month, W120 Roen Room BHS Last meeting of the Semester
 - Yes!
 - b. Parental Leave for Students (Dave, Cecilia, Kevin, Sana) meeting being rescheduled
 - This will be rescheduled but it has not been rescheduled yet
 - c. Campus Safety and Safe U- Ann Freeman January 22nd meeting
 - If there is time (also discussing the Fees request that day)
 - d. Occupational Health (Dave,) Meeting with Joe Klancher next steps
 - Joe Klancher is interested in a needs assessment for labs
 - The assessment will look at the students involved in these labs. It will get students' impression of safety within these labs.
 - e. Survey Demographics (Dave, Cecilia, Char, Lars) next steps
 - The group needs to meet with Tom Doan. Dave will schedule this.
 - f. U-Pass and Metro Mobility – new request to Parking and Transportation services
 - SHAC will submit a new proposal.
 - g. Tobacco Sign Update
 - No update since last time.
 - h. Sleep Zones (Sky)
 - Coffman has questions related to implementation. We do not know the answers! A group would need to form to proposed an implementation plan.
 - The group should also develop suggestions for use.
4. Jen Chamberlin and EJ Olson Culturally Competent Care for Transgender Patients
 - Jen is working on a Quality Improvement project for her final project as a student in the Master's in Nursing program.
 - RHI is a statewide LGBTQ research, education, and advocacy organization.
 - EJ heads up the education arm of RHI.
 - Jen and EJ are working on a proposal for a Moodle training related to providing care for LGBT students.
 - The training is still being developed but will likely involve discussions along with the training as well as a Train the Trainer model.
 - It will be important to make this training sustainable.
 - The information will include LGBT training along with trans health training and will be appropriate for all employees not just those seeing patients.
 - This project will include evaluation.
 - Role playing would be an important part of the training.
5. Saturday Hours Recommendation

- Boynton Administration has recommended ceasing Saturday hours starting in fall 2015
- A plan is in place to redirect students to other care options on Saturdays.
- A marketing plan will be created to make sure the campus is aware of the options.
- Saturday hours were added about six years ago when other departments were adding Saturday hours. A survey showed that students would like Saturday hours but utilization has remained low and has decreased over time.
- Pharmacy would be also be closed on Saturdays but Boynton is determining other ways to make pharmacy services accessible
- SHAC recommends that Boynton discontinues Saturday hours (Yes: 9, No: 0, Abstain: 1)

6. Student Services Fees Schedule INFORMATION (Carl)

- Application due: January 23, 2015
- SHAC discuss recommendation: January 22, 2015
- Mental Health: Indie, Char
- Reimbursement Impact Fee: Kevin
- Julie will work on the Gopher Chauffeur portion
- **We need a volunteer for the Financial Information and Fees Request section**
- Request Presentation: February 7 or 8
- Rehearsal: likely the week before
- The presentation takes place during a two hour time frame along with a one-hour tour if the Committee would like.
- Presentations typically take place in Coffman but Boynton requests that the presentation takes place in Boynton instead.
- Current Boynton fee is approximately \$125/semester/student.
- The Fees Committee looks at cost-effective strategies when assessing requests.
- Boynton prides itself in keeping the fee as low as possible but the current reimbursement rate is lower than it has been historically.
- The fee request will isolate a number required to maintain our facility. All fee requests will now isolate this information in their requests.

7. Sexual Assault on Campus MSA (DISCUSSION)

- i. MSA Campaign – No Gray Campaign SHAC recommendations
 - People seem to be upset with framing this in a criminal light.
 - The tag line or slogan shouldn't have to do with criminality because it could be a barrier for victim survivors to report assaults.
 - Possible change from "Rape is always a crime" to " Always support victim survivors"
 - Having any athlete (specifically an African American athlete) is not something that the committee would support in anyway.
 - Vocalized concerns about who is financing the campaign; is there a bias from corporate sponsors?
 - If NO GREY is public domain the University should trade mark it to avoid dark humor or mixed messages.
 - RESOLUTION: Indie and Sky will be sending MSA a letter stating that we, SHAC, are happy with the work done so far but would like a more concrete timeline, tagline, and overall focus of the campaign before we can endorse it.
- ii. University of Minnesota Policy Review Sexual Assault
 - Possible Training for providers
 - Next semester we, SHAC, should look into CME or other training to orientate staff at BHS to deal with Victim Survivors in the correct way.
 - Surveys and Form Change
 - Next Semester we, SHAC, should look into making Survey questions more open and anonymous.
 - Forms should have more explanation for what will happen if you check yes to a question that may be difficult for patients. (i.e. "Have you recently been a victim of sexual violence/ assault? , Do you feel safe at home?, Etc...)
 - Possibly look into medical ethics and best practices for referrals in the mental health department. (Unknown whether this should stay on minutes)

8. Adjourn for the semester
